Healing Spirit Retreat for Women

Our philosophy is simple. We do not believe there are many truly unjoyful people—just people who are out of balance and out of touch with their Healing Spirit. We believe that our Innate Intelligence is inherently benevolent and knows what we need to do in order to be happy, healthy, and at peace. However, that wisdom is often blocked by interference, disharmony and energetic imbalances within our bodies, manifesting as illness, dis-ease, or disabling habits. At the The Wahls of Wellness we use Oriental Medicine techniques—Acupuncture, herbal and food therapy, meditative and healing visualizations, and spiritual awareness practices, along with therapeutic grade essential oils to help guide the body, mind and spirit back into harmony. Symptoms resolve naturally as people get in touch with their own healing power and their own Healing Spirit.

The Healing Spirit Retreat

The Healing Spirit Retreat is an intensive long weekend during which we teach you *how* to make the connections between mind, body and spirit. This is the area that oftentimes becomes disconnected during the process of seeking balance in our everyday lives. At our Healing Spirit Retreats, we empower you to discover and remove the physical, emotional and spiritual blocks that prevent you from discovering your Healing Spirit and becoming all you were meant to be.

The Healing Spirit Program

Participants will be guided through several workshops and activities that will encourage them to release old thought patterns, create healthy new ones, and bring them to a new awareness of their inner selves. Some of these activities include:

- ♥ A workshop to help you open up to your intuition and the many gifts you already possess. You will realize a new awareness of yourself, and learn how to use these gifts to your advantage to receive what you want!
- ♥ Several specially developed guided meditations that heal the spirit, nurture the soul and teach you to connect and communicate with the Healing Spirit within us all!
- ♥ Several ceremonies that help release self-defeating patterns, manifest what your heart desires, and help you break out of the chrysalis of your former self to emerge as the beautiful Healing Spirit you have always been!

What Women are Saying about the Healing Spirit Retreat

I definitely got my money's worth of healing, angel therapy, energy work, meditation and love from this Healing Spirit Retreat, and the setup was such that I was able to work deeply and intensively for the entire two days. I also love the part where Bev passes along information from Spirit. Dr. Ian's guided meditation and the healing circle were—wow, powerful, loving healing work. I feel so blessed to have been able to come to this retreat. N.W.

This Healing Spirit Retreat was very relaxing and I loved the way Bev wrote out what she received from Spirit and gave it to us. I especially loved the way we had some time to ourselves after some of the ceremonies to pray, or just meditate on what we felt. You are both wonderful. Thank you for doing these retreats and giving your love and energy. It is truly a gift. Thank you. G.H.

The Healing Spirit Retreat for me was very powerful. There was so much healing in so little time! I'm so glad I was a part of it. It is not to be missed. I give it a 10 out of 10 in all areas! L.Z.

This retreat was very powerful. I would definitely recommend it to anyone. I learned so much that I will use in my life. I loved the handouts and meditations outside! I have released all the negatives from my life and feel I have a new lease on life! Thank you! V.L.

The Healing Spirit Retreat was exactly what I needed! When we did the Forgiveness meditation, I released a long time past life pain that manifested in my shoulder! All the meditations were exactly what I needed and were in a perfect order! Thanks. K.E.

I loved, loved, loved the Healing Spirit Retreat! It is interesting how much you progress in the meditations. There is a very healing aspect to these. The release ceremony was very powerful and I felt lighter afterwards! Loved the facility—very comfortable, very peaceful and great food! C.D.
